

You are invited to an *Kirby* **Open House** for Prospective Students

Thursday, January 26, 2012 at 7pm

Personalized attention

We offer comprehensive, challenging curriculum in classes that average 12 students. Our teachers take the time to understand and address each student's educational needs. And in a school where no one is invisible, students are able to learn in a safe and inclusive setting, without bullying or cliques. At Kirby, education is more than test scores, and loving to learn is not a social liability.

Customized learning

For Kirby students, learning is based on potential, not grade level. Qualified middle-school students can enroll in high-school level foreign language and math as early as seventh grade. Once in high-school, your student can follow a general graduation path, or choose from one of four intensive academic paths to focus on the subjects that they love. Find out more at www.kirby.org/academics

Distinguished arts program

Here, the arts are a main course, not a side order. Your student can study music, art, dance, drama – or all four! Academics are our prime focus, but the arts will always be integral to the Kirby experience. Learn more about the Kirby arts program at www.kirby.org/arts

Colleges and universities love Kirby graduates

As a college prep school, we prepare your student for college-level academics from the moment they arrive. Our alumni are proof positive that Kirby's preparatory education works – Kirby grads go on to graduate from Stanford, MIT, Wesleyan, U Penn, Oberlin, UC, and many other excellent four-year colleges and universities. For a full list of college matriculations, visit www.kirby.org/about/college-attendance

Take a look!

Talk to a Kirby parent, attend an Open House, take a campus tour, or schedule a shadow day so your student can experience Kirby in person. Visit www.kirby.org, or call Nancy Ondrejka, our Admissions Director, at 831-423-0658 x202.
